#### **ADLER's Regional Presence And Expansion Potential**

\* excl. online shop

## **Further Growth Through Organic openings and Acquisitions**

- 4 new store openings, 5 store closures in 2014
- 5 10 organic store openings p.a. going forward
- Potential acquisitions of mom&pop shops and smaller retail chains
- Further growth of net store base expected as of 2015
- Up to 15 refurbishments p.a. in 2015/2016

# Successful Acquisition of Kressner

#### **Key Facts Kressner**

- Long-standing retail company, founded in 1976
- 9 stores in Hesse, North-Rhine Westphalia, Rhineland Palatinate, Saxony and Thuringia with a total selling space of 20.000 sqm
- Basic fashion degree, mainly in mid-price segment
- Predominantly multi label retailing

#### **Transaction and Integration**

- Deal closed on January 12, 2015
- Acquisition of 100% of Bekleidungshaus Kressner GmbH & Co. KG, as well as managing general partner Kressner GmbH from REWE Beteiligungs-Holding National GmbH and the Sanktjohanser family
- Take-over of all 9 stores, 1 store sold to Steilmann
   Boecker, 7 stores to maintain in ADLER portfolio
- Reflagging as of spring/summer season 2015

# The Perfect Fit to ADLER's Store Portfolio

#### **Numerous Advantages of Kressner Acquisition**

- High similarity to ADLER concerning fashion degree, customer age, customer card sales (70%) and location
- Mainly located in white spot areas, keeping cannibalisation at a minimum
- Selling space of > 2.000 sqm offers large potential in sales and earnings
- Customer card database of approximately 100.000 customers
- Highly favourable lease agreements, on average below ADLER's already comparably low lease per sqm
- Often located near REWE stores, leading to higher traffic and potential new customer generation
- Positive EBITDA already expected in 2016

Kressner Store in Gotha

Kressner Store in Bischofswerda

**Kressner Store in Wirges** 

# **Pioneering RFID Technology**

#### **Inventory Robots On the Starting Blocks**

- Process enhancement base on implementation of RFID technology
- First test with Pal-Robotics in ADLER store in Erfurt
- Cooperation with MetraLabs on prototype testing phase starting in Q2 - 2015
- Stock taking of selling- and warehouse space within ADLER stores

- More time available for customer service by employees
- Potential sales increase through higher assortment availability

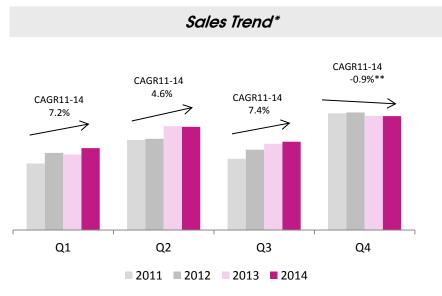

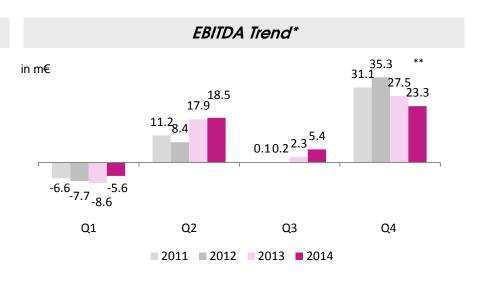

#### Positive Trend in Sales and Profitability

- Sales increased by 1.3% to €535.3m, an adjusted sales growth of 2% and 3% like for like
- Reported gross profit margin decreased by 110bps, adjusted decrease by 60bps due to promotions in Q4-2014
- EBITDA of €41.5m down by 3.3% reported, up 6.1% adjusted
- EBITDA margin slightly decreased by 30bps reported, adjusted margin up 30bps to 7.8%
- Decrease in opex by €1.4m or 70bps in % of sales
- EPS down by 27% to €0.77 due to high previous year base concerning customer card and higher number of attributable shares in 2014 due to sale of treasury stocks

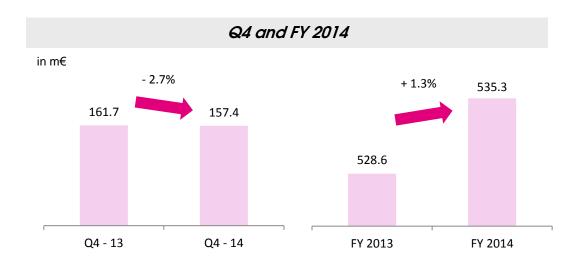

<sup>\*</sup>Adjusted 2013

<sup>\*\*</sup> Years 2011/2012 positively effected by customer card

# Sales: Positive End for FY 2014 Despite Headwinds

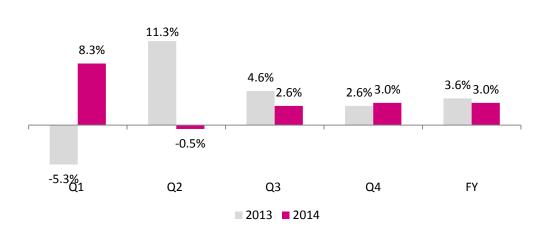

- Increase in sales by 1.3% to €535.3m
- Adjusted increase of 2.0%
- Like for like sales up 3.0%
- Ongoing growth in a shrinking German Apparel sector
- 2014 increase in sales predominantly volume driven

#### Largely Outperforming a Strong Previous Year

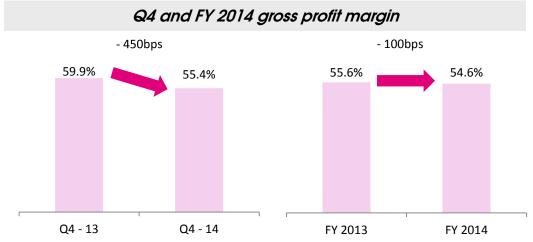

#### FY 2014

- Strong FY 2013 largely outperformed despite unfavorable market conditions
- Main reasons for outperformance
- New Image Campaign
- RFID Rollout
- Assortment and marketing measures well received by customers

# Solid Gross Profit Margin of 54.6%

# Promotions in Q4 2014 slightly burdened positive gross margin development throughout 2014

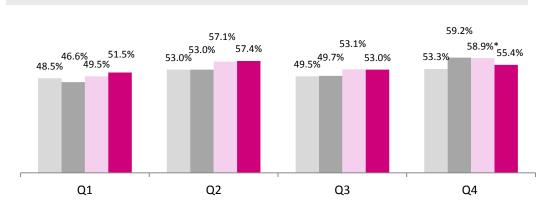

FY 2014

Decrease of 50bps on an adjusted basis

of 55.1% in FY2013

Fresh start into 2015 due to successful inventory cleaning

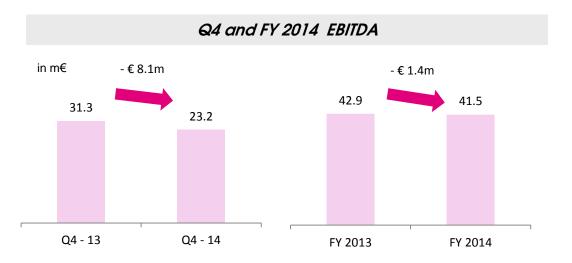

#### Gross profit margin trend

\*Adjusted 2013

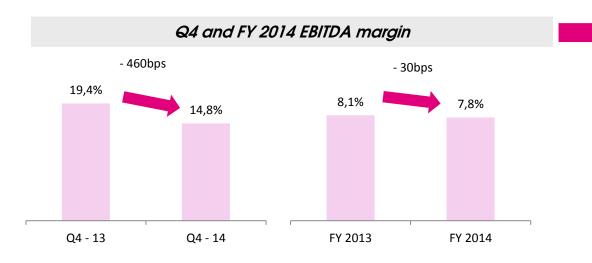

# **EBITDA Supported by Positive Trends in Cost Structure**

#### FY 2014

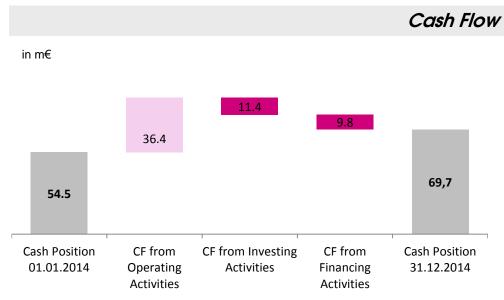

- Slight decline of € 1.4m to an EBITDA of € 41.5m
- Adjusted increase of € 2.4m or 6.2%
- EBITDA margin slightly down by 30bps
- Margin increase of 30bps on an adjusted basis

Operating EBITDA trend supported by **declining opex** base of € 1.4m from € 166.5m in FY 2013 to € 165.1m in FY 2014

# **Liquidity Further Increase**

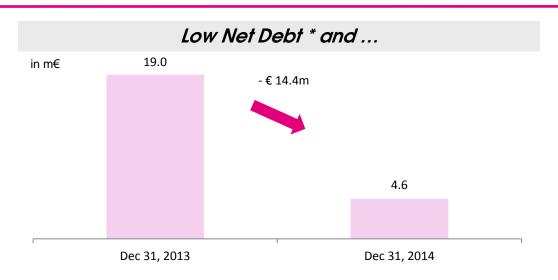

- Free cash flow of € 25.0m under previous year level mainly due to higher investments and tax payments
- Lower net income FY 2014 leading to slightly lower
   CF from operating activities of € 4.5m to € 36.4m
- Cash outflow from investing activities of € 11.4m: increase by € 2.2m due to higher refurbishment activities
- Cash outflow from financing activities of € 9.8m: decrease by € 9.6m due to placement of treasury shares of € 8.9m
- Increase in cash position by € 15.2m from € 54.5m to € 69.7m End of 2014

Equipped with the liquidity necessary to further support profitable growth

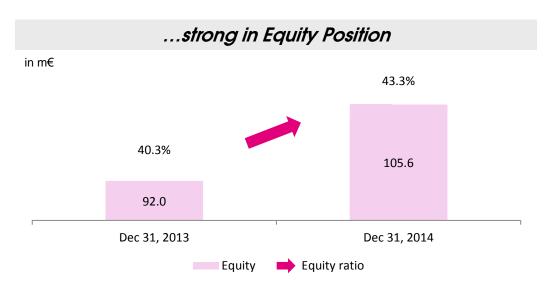

# Strong Improvement of Balance Sheet Ratios

- Strong decrease in net debt position by
   € 14.4m to € 4.6m
- Net cash position almost accomplished even after taking finance lease obligations into account

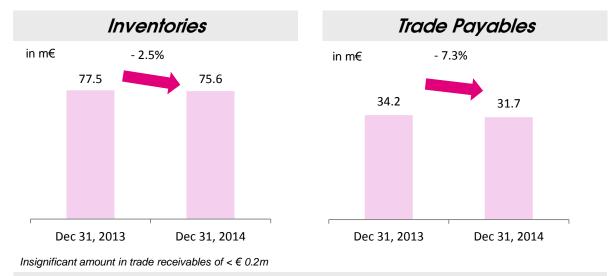

\* Including pension provisions, financial liabilities, finance lease liabilities ex assets held for sale, cash

 Noticeable increase in equity of € 13.6m to € 105.6m as well as equity ratio of 300bps to 43.3%

# Well Prepared for a Fresh Start into 2015

- Decrease in inventories by 2.5%
- Clean start into 2015 possible due to inventory cleaning in Q4 2014
- Trade payables down 7.3%

# Operating Working Capital

- Working Capital slightly increased by € 0.6m driven by lower accounts payable
- Improvement of WC ratio of 8.2%\* December 2014 compared to 8.3%\* December 2013
